

HOG'S BREATH CAFÉ

YES WE DO SPECIAL FUNCTIONS
yes! No extra cost for special functions

16 February 2008

Dear Justin,

I am happy to provide you with this testimonial to the valuable recruitment service you have provided to the Hog's Breath Café group Australia wide over the past 4 years.

As many of our restaurants are in regional areas of Australia it has been a great challenge to recruit and retain experienced chefs to work in our kitchens. Since we have started using the services of Edupi many of our franchisees don't have this issue any longer. I believe there are now over 30 of your chefs working amongst our 68 restaurants.

Inevitably there are teething problems with some candidates and issues that need to be resolved. Edupi has provided excellent after sales service assisting the franchisee with counseling and training of chefs where needed.

The service that you provide in having the candidate job ready is also a great benefit for those franchisees who don't want to worry about accommodating and "parenting" their staff.

We thoroughly recommend Edupi's service to any business who is experiencing difficulty with retaining quality hospitality staff or simply can not find the people they need.

Yours sincerely,

Rodney Winkleman
Operations Manager
